No.	Product Name	Product Image	Specification	Net Weight	Gross Weight	Packaging	Use	Remark
BT0001	4-piece modification tool set		Color: Yellow, Black blue, green, red Material: PP	/	65g	Ziplock bag	Disassemble the car's interior panels, instrument panel, audio CD area, center console, driving recorder, etc.	Can be sucked out and sold individually
BT0002	5-piece modification tool set①		Color: blue, red, Material: PP	/	80g	Ziplock bag	Disassemble the car's interior panels, instrument panel, audio CD area, center console, driving recorder, etc.	
BT0003	5-piece modification tool set②		Dimensions as shown in the picture Color: Yellow, Black Blue, Green Material: PP	/	140g	Ziplock bag	Disassemble the car's interior panels, instrument panel, audio CD area, center console, driving recorder, etc.	
BT0004	5-piece modification tool set③		Dimensions as shown in the picture Color: Blue, Red, Black Material: PP	/	140g	Ziplock bag	Disassemble the car's interior panels, instrument panel, audio CD area, center console, driving recorder, etc.	
BT0005	11-piece modification tool set		Color: Red, Blue Light Blue, Green Material: pp	/	212g	Ziplock bag	Disassemble the car's interior panels, instrument panel, audio CD area, center console, driving recorder, etc.	
BT0006	4-piece modification tool set ④		Color: Burgundy Material: pp	/	105g	Ziplock bag	Disassemble the car's interior panels, instrument panel, audio CD area, center console, driving recorder, etc.	
BT0007	Steel skid 6-piece set (coated with rubber)		Stainless steel Packing color: Black, Green, Yellow, Red, Blue	/	430g	Ziplock bag	Disassemble the car's interior panels, instrument panel, audio CD area, center console, driving recorder, etc.	
BT0008	Steel pry 6-piece set (original color)		Stainless steel	/	385g	Ziplock bag	Disassemble the car's interior panels, instrument panel, audio CD area, center console, driving recorder, etc.	
BT0009	Rounded corners-large widened steel pry (single handle)		Stainless steel	96g	/	Bulk	Disassemble the car's interior panels, instrument panel, audio CD area, center console, driving recorder, etc.	
BT0010	Right angle-large widened steel pry (single handle)		Stainless steel	96g	/	Bulk	Disassemble the car's interior panels, instrument panel, audio CD area, center console, driving recorder, etc.	

Product Catalogue -Car modification tool

BT0011	Ultra short steel pry		Size: 170*2mm Color: Black, Green, Yellow, Red, Blue Material: Stainless steel	45g	/	Bulk	Disassemble the car's interior panels, instrument panel, audio CD area, center console, driving recorder, etc.	
BT0012	Short steel pry		Size: 185*2.2*2mm Color: Black, Green, Yellow, Red, blue Material: Stainless steel	65g	/	Bulk	Disassemble the car's interior panels, instrument panel, audio CD area, center console, driving recorder, etc.	
BT0013	Two-pronged steel pry		Size: 170*29*2mm Color: Black, Green, Yellow, Red, blue Material: Stainless steel	90g	/	Bulk	Disassemble the car's interior panels, instrument panel, audio CD area, center console, driving recorder, etc.	
BT0014	Small steel pry		Size: 170*23*2mm Color: Black, Green, Yellow, Red, Blue Material: Stainless steel	56g	/	Bulk	Disassemble the car's interior panels, instrument panel, audio CD area, center console, driving recorder, etc.	
BT0015	Water drop steel pry		Size: 190*30*3mm Color: Black, Green, Yellow, Red, Blue	64g	/	Bulk	Disassemble the car's interior panels, instrument panel, audio CD area, center console, driving recorder, etc.

-Car repair tool

BT0060	Six-piece tire repair tool set		<p>Product size: 13*8cm</p> <p>Packaging size: 14*13.3*1.5cm</p> <p>Standard set: 1 threaded drill, 1 fork drill, 3 tire repair strips, 1 glue</p>	133g	/	Card packaging	<ol style="list-style-type: none"> 1. Mark the circle number of the tire where the repair is needed and pull out the puncture. 2. Use a tire repair probe to find the direction of the puncture and insert it clockwise to clean the dust in the puncture. 3. Cut one end of the rubber strip into an oblique mouth and pass it into the front hole of the needle tool, so that the length of the rubber strip at both ends of the hole is basically the same. 4. Insert the needle with the rubber strip into the tire along the puncture, make sure that the rubber strip is inserted to 2/3 of the length, and rotate the needle 360 degrees before pulling out the needle. 5. Cut off the tire repair strip outside the tire.

No.	Product Name	Product Image	Specification	Net Weight	Gross Weight	Packaging	Use	Remark
BT0054	Battery clamp		Zinc alloys and plastics	71g	/	Nude	One end is the cigarette lighter female socket, and the other end is the red and black chuck, which corresponds to the positive and negative poles of the vehicle battery.	
BT0055	Extension hose		PVC; With accessories (with connectors)	80g	/	Nude	It is suitable for use on cars with larger body sizes. For example, if the air pump comes with its own power cord and air pipe length, and some tire valves cannot be reached after plugging into the cigarette lighter, using this extension tube can solve the problem. The maximum stretch length of the extension tube is 3 meters.	
BT0056	Gas needle		Zinc alloys and plastics	200g	/	Nude	British and French valve adapters, basketball and football pin joints.	
BT0057	Tire Pressure Gauge with Safety Hammer & Flashlight		Product size: 17.3*2.7*8.4cm Product operating temperature: 30 to 122 degrees Fahrenheit (0 to 50 degrees Celsius) Measuring range: 2 to 150PSI Measurement error: ±1PSI Battery: AA battery * 2 pieces (not included)	12.8kg	13.8kg	Boxed	1. Measure tire pressure when the car is idle. 2. Press "ON" to turn on the machine, it will automatically reset and display "0.0". 3. Align the tire pressure gauge's valve with the car's tire valve and press it in (you need to remove the tire valve cap first) without leaking, and release it after maintaining a stable measurement value. 4. The measured value will be maintained for about 90 seconds, and then the display will turn off automatically. 5. Press and hold (press and hold) the "ON" button for 3 seconds to force shutdown 6. This product has four unit modes for air pressure measurement: PSI, BAR, KPa, and KG/Cm. Press the "ON" button repeatedly to switch. 7. Pull the slide switch to the appropriate position to turn on the flashlight and LED emergency light.	
BT0059	2-in-1 Safety Hammer		Product size: 13*8*2.5cm Color: red Material: ABS+stainless steel Product composition: sharp hammer, flat hammer, cutter	72g	/	Bulk	This product is used to escape from a car accident or break the glass to escape when the car door cannot be opened 1. Life-saving hammer/safety hammer: a sharp and firm hammer, which can break the glass to escape in case of an accident 2. Cutter: a hook-shaped embedded blade, which can cut the seat belt to escape in case of an accident	
BT0063	Rearview Mirror Rain Guard		Product size: 15.3*5cm Material: ABS injection molding	1g	/	Ziplock bag	Environmentally friendly material, rainproof and dustproof, does not block the view, high quality and durable Paste-free installation, does not damage the original car Applicable to most car models: sedans, hatchbacks, SUVs, commercial vehicles, etc.
